FREEDOM BEGINS
at home

At VOX, we believe that true freedom begins at home and rather than a defined interior style, what really matters are the needs and lifestyles of your family members. That's why it is our goal to inspire, advise and deliver complex interior solutions - matching collections of furniture, doors, floors and decorative walls.

DESIGNER

The ability to listen to the needs of our customers has resulted in the creation of a functional piece of equipment and a decoration in one. The Slot board was created by a Polish designer and manufactured in our country.

„I always go for unconventional solutions. The design of the Slot board is seemingly chaotic, but that is the whole idea as it gives the possibility to organise the space of various recipients in interiors with a variety of characters.”

NATALIA POLAKOWSKA
